Summary

Cattle and Cattle on Feed: Final Estimates by State, 2014-2018, U.S. Department of Agriculture, Agricultural Statistics Board, National Agricultural Statistics Service, Statistical Bulletin No. 1053.

Introduction: This bulletin presents final estimates, including revisions made by the Agricultural Statistics Board (ASB), for the production years 2014 through 2018. Cattle inventory and calf crop, inventory by class, monthly cattle on feed numbers, and annual estimates of cattle on feed were published during calendar years 2014-2018 in periodic ASB reports. Data included in this publication provide a historic record and a benchmark for current estimates. Inventory values and value per head will be published in the Meat Animals, PDI - Final Estimates 2013-2017, Statistical Bulletin No. 1059.

Procedures: Revisions were made after a thorough review of the original survey data and all additional data now available, including the 2017 Census of Agriculture. Other data series considered included slaughter, exports, and imports. The relationship between inventory levels, calf crops, death loss, exports, and slaughter were compared to historic totals. The 2014-2018 estimates shown herein are considered final and will not be revised again. Revisions to all cattle and calves and calf crop at the National level are as follows:

All cattle and calves				Calf crop

All Cattle on Feed – States and United States: January 1, 2014 - 2018

[Cattle and calves on feed are steers and heifers being fed a ration of grain, silage, hay, and/or protein supplement for slaughter market that are expected to produce a carcass that will grade select or better. It excludes cattle being "backgrounded only" for later sale as feeders or later placement in another feedlot. Cattle and calves on feed are included in the cattle inventory estimates by class.]

Agricultural Census Publications: The U. S. Department of Agriculture's National Agricultural Statistics Service (NASS) will release several products from the 2017 Census of Agriculture on April 11, 2019. The Census is the leading source of statistics about the Nation's agricultural production and the only source of consistent, comparable data at the county, state, and national levels. The Census includes all places from which \$1,000 or more of agricultural products, including government payments, were produced and sold, or normally would have been sold, during the census year. Census publications also include demographic items such as sex of producer, residence on or off the farm, days worked off farm, years present on farm, age group categories, race, and number of persons living in each household.

* QuickStats database only.

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: www.nass.usda.gov
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit www.nass.usda.gov and click on “National” or “State” in upper right corner above “search” box to create an account and select the reports you would like to receive.
- Cornell’s Mann Library has launched a new website housing NASS’s and other agency’s archived reports. The new website, <https://usda.library.cornell.edu>. All email subscriptions containing reports will be sent from the new website, <https://usda.library.cornell.edu>. To continue receiving the reports via e-mail, you will have to go to the new website, create a new account and re-subscribe to the reports. If you need instructions to set up an account or subscribe, they are located at: <https://usda.library.cornell.edu/help>. You should whitelist notifications@usda-esmis.library.cornell.edu in your email client to avoid the emails going into spam/junk folders.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@nass.usda.gov.
